

# COMPREHENSION CONNECTION

SUMMER READING INTERVENTION  
SUMMER 2017

**Does your child know letters and sounds but struggle to understand language when listening or reading?**

**Does your child have trouble answering “Wh” questions?**

**Does your child have difficulty making meaningful story connections?**

*Using research based reading comprehension interventions, specifically tailored for children with autism and other disabilities, this 5 week program will improve **understanding, oral language, vocabulary, and social concepts**. The program combines individualized small group instruction with **parent training** opportunities that empower parents/caregivers to support growth at home.*

**AUTISM EDS IN CONJUNCTION WITH K.I.D.S. THERAPY ASSOC.**
